

HB 3820

(Crespo, D–Hoffman Estates)

HIGHLY EFFECTIVE EDUCATORS

SUPPORT – VISION 20/20
FLEXIBILITY IN TEACHER LICENSURE

The quality of teachers and school leaders is the greatest predictor of student achievement schools can influence. By attracting, developing, and retaining the best educators from within and from outside State boundaries, we can have a profound impact on student learning.

HB 3820 facilitates the recruiting and hiring of individuals with a career and technical educator endorsement or a part-time provisional career and technical educator endorsement. It removes barriers in hiring career and technical educator substitute teachers. The bill also addresses the minimum requirements for educators trained in other states or countries and Professional Educator License renewal.

Need More Information? Contact the Alliance Lobbying Team!

The Illinois Statewide School Management Alliance is the combined advocacy efforts of the four statewide school management organizations: the Illinois Association of School Boards (IASB); the Illinois Association of School Administrators (IASA); the Illinois Principals' Association (IPA); and the Illinois Association of School Business Officials (IASBO). With the resources of the four organizations, there are eight full-time legislative specialists that work in the Capitol on each session day and directly lobby the legislature on behalf of Illinois' public schools
